Chrome is a genetic combination of the \$165,000 multiple world champion and record holding bull, Cowboy Tuff Chex, and one of the industry's legends and best producers, Wiregrass Laura. She has a daughter over 100" TTT and multiple over 90". Chrome's full sister was 86" Total Horn before turning 3 years old. We are very pleased with the size, color, and horn growth he is putting on our calves so far.
